SELECTION PROCESS:

1. PROTEA COLOURS SELECTION

Details of the intended international tournaments and selection tournaments will be published by the SANAA in good time for archers to meet the qualification criteria. Teams will be selected no more than 3 months prior to the tournament for which selection is taking place.

Eligibility is open to those archers who have:

- a. Submitted a minimum of 4 scores in the relevant 6 months period
- b. Have obtained or exceeded the required average score (see below) for the respective category.
- c. Are a member in good standing of the SANAA
- d. Are a South African citizen
- e. Have no sanction of any kind against them
- f. Are eligible to compete for South Africa according to World Archery Rules
- g. Participated in the National Championships in the year of selection

In extraordinary circumstances where the athlete is unable to attend the National Championships, which in normal circumstances would automatically exclude him / her for selection, they can apply in writing to the SANAA Secretary with the necessary proof and evidence stating in full the reason for non attendance. This request for exemption from this requirement must be done prior to the start of the National Championships.

The SANAA secretary will constitute a jury of at least 3 members in good standing of at least 5 years membership of SANAA and non executive members. This jury would decide on the matter. They have the right to waiver this requirement of participating in the nationals. This Jury's decision is final.

TEAM TRIALS:

Team trials will be held at a future date after the cut off date as set by the SANAA Executive – will be held at a neutral venue and will be held timeously to coincide with deadlines for protea colour applications and / or deadlines set by the organisers of the event for which the team is being selected.

A maximum number of 8 archers in any one category will be invited to a selection tournament. (This number could change in the future and will be determined by the SANAA Executive. Invitees will be required to register to participate in this selection tournament.

The average scores used to seed the archers will be those from the same format as the tournament for which the team is being selected – i.e. Indoor 18m Round

The venue for the selection tournament will be determined by the SANAA Executive. The selection tournament will be held as a stand-alone event – i.e. it will not form part of any other tournament unless otherwise advised

Only archers who register for these trials will be permitted to participate in the trials and only those archers who participate in the trials will be eligible for the team selection. If an archer declines to participate in the trials the next archer on the ranking list will be invited to participate, provided he/she meets the stipulated criteria.

Points will be awarded to each archer based on their current average as at the end of the Indoor Nationals or as at the last tournament prior to selection.
